## SECTION 2 - INITIAL CONSULTATION

*MEDICAL DOCTOR MUST ASSESS THE PLAYER WITHIN 72 HOURS OF THE INJURY*

The player has been informed that they must be referred to a medical doctor. **Your role as a medical doctor is to assess the player and guide their progress over the remaining steps in the process.**

Detailed guidance for you, the medical doctor, on how to manage concussion can be found in Rugby Australia's Concussion Management Medical Doctor information on [the Rugby AU website](#).

Please note, any player who has been diagnosed showing signs and symptoms of concussion MUST follow the Graduated Return to Play (GRTP) programme.

- The Player has completed steps 2, 3 and 4 of Rugby Australia's Graduated Return to Play process without evoking any recurrence of symptoms
